

# BACK TO THE 50's™

No, we are not talking about that bygone era in the middle of the last century...we are talking about the commodity which seems to be getting scarce for many of us: CASH. If extra cash is scarce around your house these days, with all of the virus worries and job layoffs and lockdowns, here's a great way to fight back!

Join this simple little program and start your own Cash Collection Service! (Some of us probably didn't even know there was such a thing!) How long has it been since any of the green stuff has drifted in? Two or three or four months? Like we said: *It's time to fight back!* Here's how to do that easily and very effectively...

Fill out the little form below, and make three copies of this page. (You're going to send a \$50-dollar bill\* to each of the names shown below, with the money placed neatly inside a copy.) We will then send you a nice clean copy of this page with YOUR name in the "A" position so you can promote this program on your own.

\*Or equivalent in smaller bills, and with "Here's your gift!" written on the back of each copy.

The "C" position, USA1 Group, is going to help you even further by (1) mailing out 1,000 copies of your Back To The 50's™ Invitation Letter (this page) for you, and (2) sending you 120 top-quality names on labels so you can mail out some copies yourself as you get time. Pretty soon you should see a lot of these fifties coming to you by mail, and it might even surprise you how many of them you'll be getting!
